i can't even look at him without disgust written all over my face. i've got a counseling session for myself set up Aug 20, i guess to reassure me that i'm not crazy and then give him the expectation to go himself or its over. he has total control of the finances so that's the only question if we do divorce but you are right, the emotional welfare outweighs staying in such a crappy situation. my only hope is he'll see counseling fixes me, and he'll go and fix himself. but yes, house, car, life insurance policies, custody of kids...the list goes on so i dread how angry he'd be if i did finally blurt out "i want a divorce" (i've been biting my tongue) the times we talk about it, it sounds like he's in denial that i'm that serious/miserable. and i could see him kidnapping kids or going pyscho so that's not good either. myabe you could move to utah and live with me if we divorce! the other woman thing is practically impossible for him so I doubt I'd be motivated to actually leave with the help of our counselor. like we will stay married-I don't think he'd ever leave me (he's spoiled) and was all my fault. Last will & testament for Susan  
Susan M Powell - written, signed 6-28-08

Saturday June 28, 2008

I am at work @ WF Univ.  
I bike to work daily & have been  
having extreme marital stress for about  
3 or 4 yrs now. For mine & my  
children's safety I feel the need  
to have a paper trail @ work which  
would not be accessible to my husband.  
We've been to a church class about  
wills & I know he can override me  
w/ the legal paperwork but I want it  
documented somewhere that there is  
extreme turmoil in our marriage,  
he has threatened to "skip the country"  
and told me straight out "if we  
divorce, there will be no lawyers, only  
a mediator, and I will ruin you. I  
would be ruined too, but you would be  
destroyed and your life would be over  
and the boys will not grow up with  
a mom and dad."

If something happens to me, please talk  
to my sister in law Jenny Graves, my friend  
Kiirs Hellewell, check my blogs on  
myspace - mammasusan@hotmail, check my  
work desk, talk to my friends, co-workers →

and family. It is an open fact that  
we have life insurance policies of over  
a million if we die in the next 4 yrs.  
Co-workers, fam/friends have me say this  
occasionally.

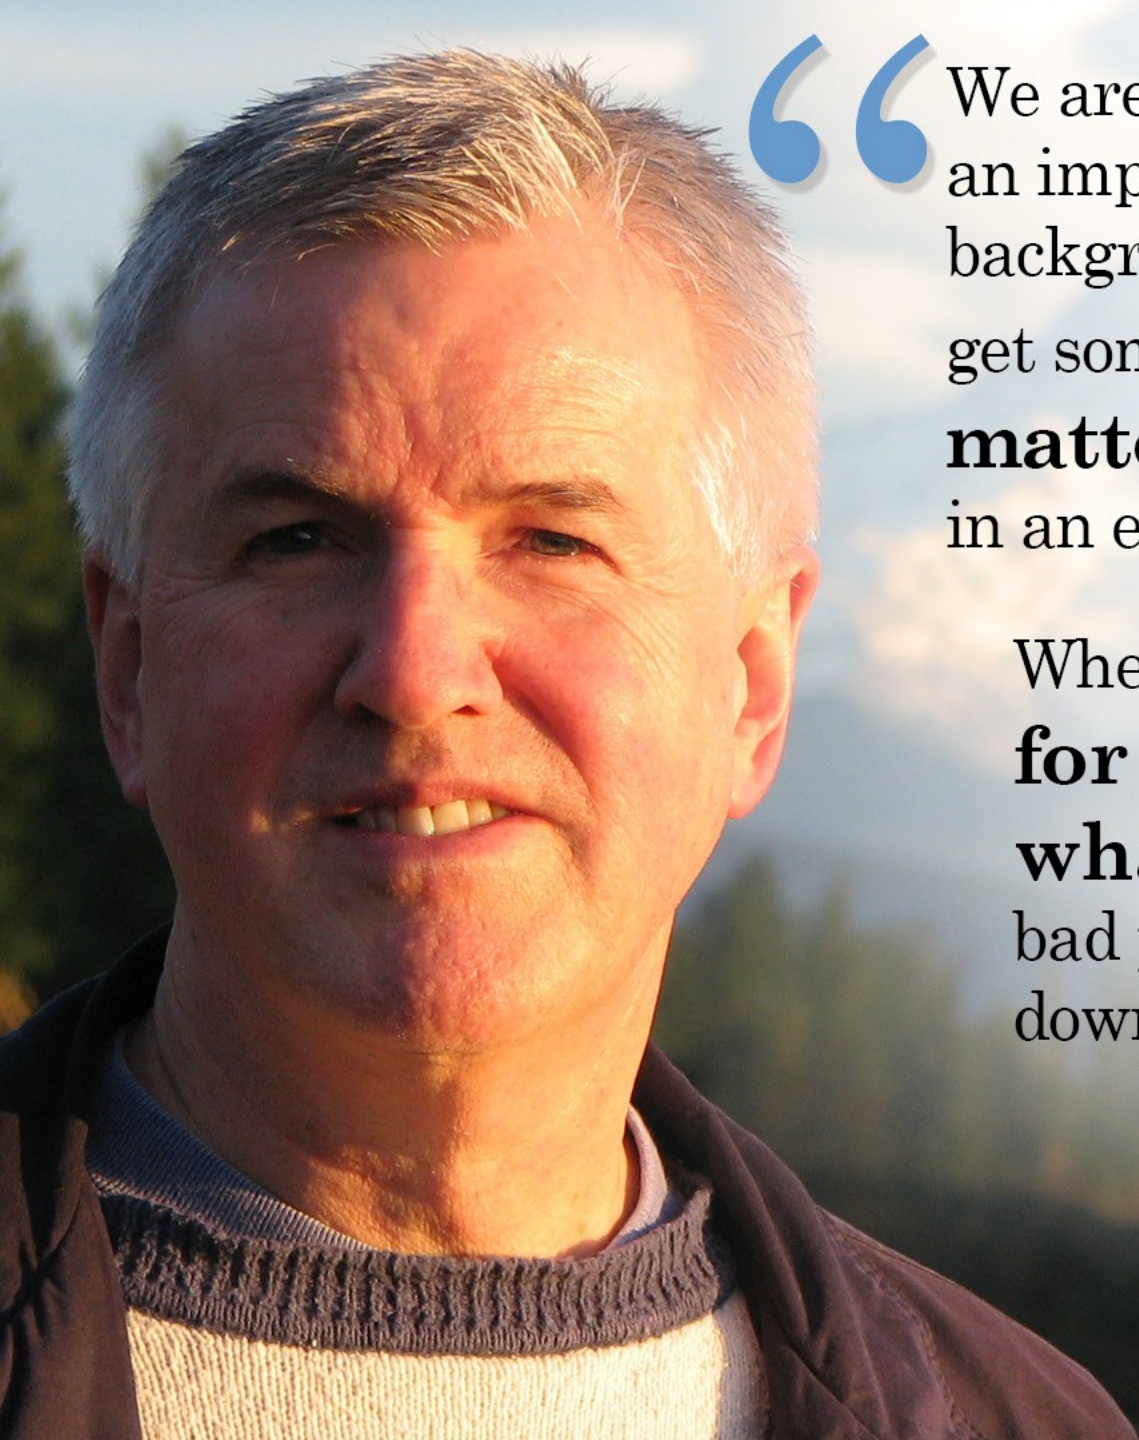

I want my marriage to work out, I've  
told my husband he is depressed or has issues  
& we as a family of 4 are not happy &  
not showing how a husband/wife should  
interact. That we are messing up our children.  
He doesn't want to do counseling & says if I  
were to buy groceries for cheap sale prices  
(these prices don't exist now w/ the cost of gas  
going ↑) . . . that he would be happy w/  
this well purchased bargain deal food in his  
stomach would make him happy & our marital  
problems would be solved. He also said he's  
mean to me "blc of the Republicans" direct  
quote. Then he mentioned something about how  
terrible our economy is (blc of Rep) & if that were  
fixed, we wouldn't have these problems.

If I die, it may not be an accident, even if it looks  
like one. Take care of my boys. I want my parents  
Judgy & Chuck Cox very involved & in charge of their lives.  
If they aren't there my sister Marie & new hubby Patrick Moriz  
can hopefully be responsible. I love my boys, I live for them.  
I choose not to cheat or do drugs b/c I wouldn't want to risk losing them  
like Sister Denise w/ hers. Susan M Powell

I love you  
Charlie & Braden  
now wrong! messed up  
our marriage is. I would never  
leave you!

“ We are anxious to get the CD out, and now there is an imperative because Susan’s voice is the background vocal on two tracks. We hope that will get some press. **Good or bad, it doesn’t matter. Only publicity matters.** We are all in an extremely tight financial spot at the moment.

When the music CD goes out, **I may be reviled for capitalizing on Susan’s plight, whatever that may be.** But no publicity is bad publicity. Hopefully a lot of people will want to download tracks with her voice, if not mine. ”

### Tip 700 SXXXXXX CXXXXXX

Buchanan 8297

On 01/23/12 I was assigned a tip with the original complainant being a SXXXXXX "DXXX" CXXXXXX. On 09/27/11, Officer J. Cordova had spoken with Dean and passed the Tip on to Detective D. Greco. On 02/02/12 I called and made contact with DXXX [Cold team: personal information removed].

DXXX told me that he is involved with dowsing rods and has used them to try to find missing persons in the past. DXXX is also connected to the psychic or spiritual realm and gets impressions. DXXX told me that he was using dowsing rods over a map to try to locate the whereabouts of Susan Powell and the rods pointed to the town of Clawson, Utah. DXXX told me that he called a friend of his who also uses dowsing rods and that she got the same results.

yeah i decided i'm not compromising anymore on tithing. it'll be scary to see what he does, or if he just argues when he finds out but i'm finding out more and more that family/friends were seeing the red flags long before i did and of course i wish they would have said something! of course i realize i would never take back having my boys and the trials i've experienced so far have made me so much stronger and i should really thank the jerk i married for putting me through them

I didn't want to post this publicly on your page because a lot of my friends and family members are followers and fans of the podcast. I just wanted to thank you privately for being an advocate for women that need help. I'm currently going through a very rough situation with an extremely abusive husband. Throughout the weeks of listening to this, I've heard so many things that remind me so much of my spouse. I haven't had the courage to tell anyone about what happens in our home and quite a few times I'm sure they know that, "I'm so clumsy, I fell", "Oh, I accidentally put holes in the walls and doors trying to move furniture". I'm calling the hotline that you have always mentioned in every episode and I'm hoping I can get out quickly and without him knowing. I just want to thank you for being a large part of the reason I am finally doing what I should have done years ago. Please keep doing what you're doing because I know there are far too many women in the same situation. Thank you ❤️
